Importance: High

Hi everyone,

Sorry for the short turn-around but John Burchette is doing a pull on PFAS data this Wednesday, 4/25. Please review both tabs (detected and potential) on the attached spreadsheet and make any corrections in red. Please remember to update the "Date Updated" column for each of your sites with today's date even if you have no other corrections. Please send your corrections back to me by COB tomorrow.

Yaz – since Connor is out can you review his sites?

Please let me know if you have any questions.

Sue
